

Report of Project Activities

Department of Labor and Workforce Development
Division of Business Partnerships

DENALI TRAINING FUND

FINAL REPORT

NAME OF ORGANIZATION: University of Alaska
NAME OF PROJECT: Allied Health Training Phase I C
REPORT PERIOD: October 1, 2006 – December 31, 2006

PROJECT ACTIVITIES AND ACCOMPLISHMENTS:

Briefly describe the grant activities undertaken during the period and any accomplishments achieved.

Dental Assisting:

The first pilot course, Infection Control, was completed with YKHC Dental Clinic employees/students. Phase 1 funds were used for travel of AHS Director and the student success coordinator to Bethel, Kotzebue and Dillingham to meet with dental chiefs and dental clinic managers to discuss/inform of the Spring course offering – Essentials of Dentistry.

Dental Hygiene:

Work was completed for Tanana Valley Campus's pursuit of preliminary accreditation for an AAS in dental hygiene. The initial Self-study was submitted to the ADA on Oct 1 accomplished by a retired dental hygiene faculty at UAA. The CA-ADA will notify TVC in the next several months if they will grant them a site visit in April 2007.

University of Alaska Health Programs Publication:

A booklet describing University of Alaska health programs was prepared and printed.

PLANNED ACTIVITIES FOR NEXT REPORTING PERIOD:

Dental Assisting: The funds are expended from the Phase. See Phase III.

PROBLEMS, DELAYS OR CONCERNS EXPERIENCED:

Are the grant activities progressing as planned? If not, what is the cause? Identify if there are any areas the Alaska Workforce Investment Office can provide assistance.

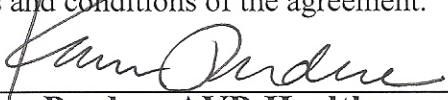

Dental Assisting: Completed

POSSIBLE PROBLEM RESOLUTIONS AND TIMEFRAMES:

Dental Assisting: Completed

Dental Hygiene: Completed

Certification: I certify that the above information is true and correct and in accordance with the terms and conditions of the agreement.

Karen Perdue, AVP-Health
